

WHEN YOU WRITE A **STORY**

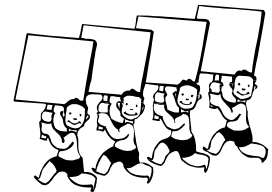

A **STORY** IS A NARRATIVE MADE UP BY
THE AUTHOR.

Be sure to:

✓ Introduce your characters and setting at the beginning of the story

✓ Develop an interesting plot with a definite beginning, middle, and end

✓ Tell the story's sequence of events in a meaningful order

✓ Make the story come alive by using an engaging voice and dialogue and by showing, rather than telling, the events in the story.

✓ End by resolving the story's conflict in a satisfying way
