

WHEN YOU WRITE A STORY

A STORY:

- Tells about a true or fictional experience
- Has a main character
- Has a beginning, middle, and an end

BE SURE TO:

- Introduce your characters and setting at the beginning of the story
- Use details to describe the characters and setting in an interesting way
- Tell the events of the story in order
- Use time-order words to make the sequence of events clear
- Use dialogue to make the story come alive
- Write an ending that wraps up the story

The End
